[Where can I get the solution manual of Hayt Engineering ...](#)

Finding a good descriptive model of the electric circuit (for 8th graders) Thread ... (including electric fields and the magnetic fields created by moving charges) are only taught in 10th grade. The students (vaguely) know that there is some kind of magnetic force around a current and that poitive and negavie charges attract each other. Although I have a somewhat concrete problem here finding ...
